INSTALLATION

All measurements taken from hole centre. Dimensions taken from base, using a 1970mm tall carcass.

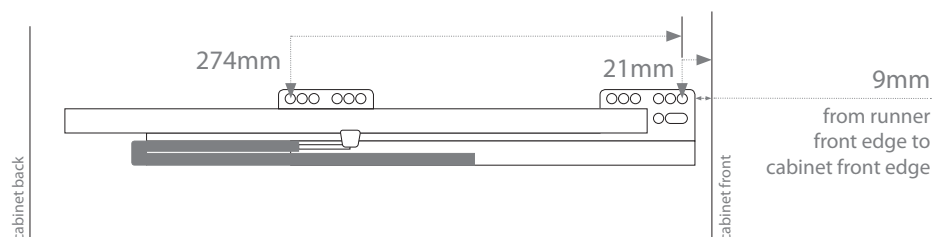

Hinge hole positions

Suitable for full height doors or 1245 + 715mm doors. If using 2 doors they MUST be strapped together.

Drawer runner positions

Runner positioning

Nb: Please ensure that runners and soft close unit are kept clean and free from dust. When installing units, please cover runners to avoid particles entering the mechanism.
